

NSO Long Term Development (LTD) Progress Tracker Report National Sport Organization: Shooting Federation of Canada

This report is also available in French upon request./ Ce rapport est également disponible en français sur demande.

This NSO Long-Term Development (LTD) Progress Tracker Report Tracker Report may help guide decision-making regarding what LTD initiatives should be undertaken to advance Long-Term Development in your sport. Furthermore, these reports guide how the Sport for Life - Quality Sport Division (QSD) should allocate core funding to provide guidance and experts to support the work of the NSOs.

Figure 1: Shows your NSO progress comparing December 2017, December 2019, and November 2021 based on the essential Foundational Documents identified Shaping the Ideal NSO.

This includes 1) Athlete Development Matrix (ADM), 2) Stage-by-Stage Skill Assessment (SSSA), 3) Athletes with a Disability (AWAD), 4) Competition Review (CR), 5) LTAD 2.0, 6) LTD 3.0. All NSOs have completed an LTAD 1.0 Framework. Document completion illustrates the percentage of work completed on a specific document based on a scale of 0 to 100%, as reported by the NSO LTD Lead. A quality foundations document is the start of implementation and activation in your sport.

Figure 1: NSO Progress Comparing 2017 to 2019 and 2021 for Shooting Federation of Canada

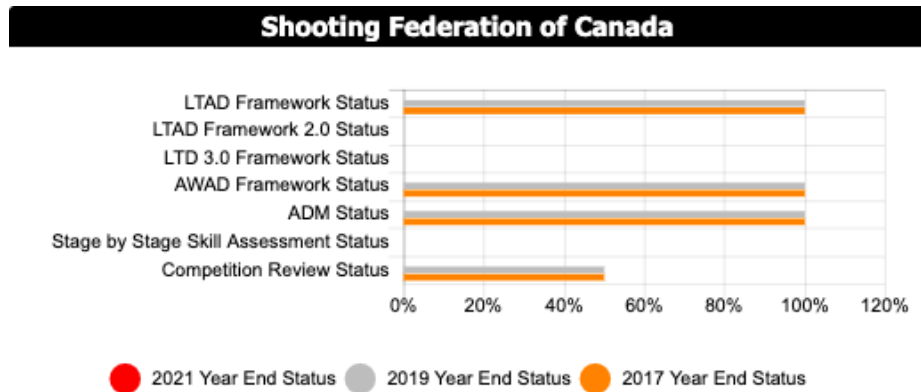

Figure 2: NSO Progress compared to similar-sized NSOs - Medium NSOs & Shooting Federation of Canada

Sport Canada has assisted in determining the “size” using 2019-2020 Reference Level Funding as follows:

- Small (<\$375,000, average funding = \$236,000)
- Medium (\$375,001-\$750,000, average funding = \$541,000)
- Large (\$750,000-\$1,500,000, average funding = \$1,074,000)
- Extra Large (>\$1,500,001, average funding = \$1,949,000)

Where does the data in this report come from?

The Progress Tracker is populated by the NSO LTD Lead, LTD Advisor, and Quality Sport Division. The data used are based on the NSO's input into their Progress Tracker. Sport for Life Quality Sport Division used this data to create the report. It is recognized that a number of NSOs have completed unique projects and activation plans that are not reflected here. If our report is inaccurate or if you have done work not reflected, update your Progress Tracker. For any Progress Tracker related questions contact Carolyn Trono (carolyn@sportforlife.ca).

The NSO Progress Tracker relies on the NSO LTD Lead to upload the Foundations Documents. To date, Sport for Life LTD Advisors has not assessed the quality of all of the documents provided. Yet we do know that quality Foundations Documents are only the first step in developing quality sports programs. In the next block of time, we will be working with Sport Canada on the Report Card evaluation matrices for "quality." This is currently described in Shaping the Ideal NSO and this document will be updated to reflect what we have learned in the last few years.

What are the next steps my NSO can take?

The next steps for an NSO will depend on your current state, organizational priorities, and completion/activation of the five Foundations Documents.

Here are a few possibilities:

- Work on an LTD Activation Plan.
- Consider an update of your LTD Framework based on organizational readiness.
- Complete your Athlete Development Matrix ensuring its connection with your Gold Medal Profile.
- Review your material - Does your content reflect athletes with disabilities?
- If your Athlete Development Matrix is complete, initiate a Competition Review.
- If the Athlete Development Matrix is complete, check to ensure your coach's education material reinforces the priority stage by stage skills.
- Work with sports partners (PTSOs, LSOs) to activate the recommendations at all levels of the sport system.

What are the next steps that Sport for Life – QSD will take?

1. Sport for Life – QSD will use this report to work with your NSO to advise on options for the next steps and to determine where guidance, expertise, and support from our LTD Advisors may be useful.
2. Sport for Life – QSD will review the Progress Tracker with our partners to ensure it is meeting the needs of the users including NSOs, Sport Canada, and Sport for Life – QSD. We have heard your feedback over the last few years and will reach out to ensure your needs are met.

Sport for Life has LTD Advisors who can provide guidance and expertise to assist in advancing your LTD initiatives. If you have questions or wish to discuss please do not hesitate to contact Carolyn Trono (carolyn@sportforlife.ca).
